Agreement

I (Recipient) have received a copy of the Anthropometry Database of Japanese 1997-1998 (AIST #H14PRO 029) from the Digital Human Research Center, National Institute of Advanced Industrial Science and Technology (Provider). I hereby agree that:

1. My organization or I will not release any copy of the database to any third party.
2. My organization or I will not use the database for any commercial purpose. If I would like to use this database for commercial purposes, I will negotiate licensing and other conditions separately with the National Institute of Advanced Industrial Science and Technology.
3. In any publication or presentation of work that used this database, my organization and I shall include an acknowledgement that the authors used the Anthropometry Database of Japanese 1997-1998 (AIST #H14PRO 029) measured by Makiko Kouchi and Masaaki Mochimaru, Digital Human Research Center, National Institute of Advanced Industrial Science and Technology. The bibliographical reference should be as follows: Makiko Kouchi and Masaaki Mochimaru, 2002: Japanese body dimensions data 1997-1998. Digital Human Research Center, National Institute of Advanced Industrial Science and Technology.
4. My organization and I agree that the Digital Human Research Center, National Institute of Advanced Industrial Science and Technology, will not be liable for any direct, indirect or consequential loss, damage or expense of any sort suffered by us, our customers or any third party, arising from our use or other activities related to the database due to any reasons including, but not limited to, any error, bias, or insufficiency of the information, and modification or interruption of the release of the database.
5. My organization and I agree to set the jurisdiction court of the lawsuit about this database to the Tokyo District Court if and when the situation requires a trial.

Recipient of Database

Name: _____

Example: John Doe

Title (The signer must be able to represent the organization): _____

Example: President, Department Head
